👤 Profile

Aspiring web developer with a strong foundation in information technology and a passion for creating dynamic and responsive web applications. Proficient in JavaScript and familiar with React.js basics, I seek to leverage my skills and knowledge in HTML, CSS, and JavaScript to contribute to innovative projects and further develop my technical expertise

📁 Professional Experience

Frontend Development Intern

07/2024

Jaipur, India

- Worked as a Front-End developer intern and equipped new skills in person.

(Busibeas ED-tech Pvt. Ltd.)

Frontend Development Intern

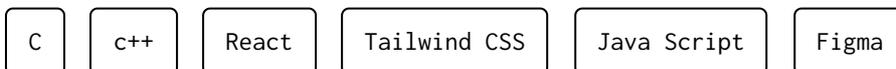

06/2024

• Implemented modern frameworks and libraries such as React.js, improving the project's maintainability and scalability.

• Leveraged TailwindCSS and Bootstrap to create visually appealing and consistent designs efficiently.

(Edunet Foundation in Collaboration with AICTE)

🧠 Skills

📁 Projects

Virtual Herbal Garden [🔗](#)

09/2024 - 10/2024

- The Virtual Herbal Garden is an interactive and educational web application developed by Team Ayurhub for the Smart India Hackathon (SIH) 2024. This project showcases a diverse range of medicinal plants used in AYUSH (Ayurveda, Yoga & Naturopathy, Unani, Siddha, and Homeopathy), aiming to provide an immersive learning experience about the benefits and uses of various herbs.

Tech Bazaar

10/2024

- Tech Bazaar is an e-commerce platform designed for college students to buy and sell second-hand technical components and projects. It aims to solve the issue of finding affordable components and provides a marketplace for students to exchange resources easily and securely.

Web-Dev-mini-Projects

07/2024 - 08/2024

- The Major Website serves as the main hub, showcasing all the mini projects included in this repository. You can explore each project directly from the major website. It provides a seamless experience to navigate and understand the individual projects.
