Kolkata, India

Profile

I'm a first-year BTech CSE student and a passionate full-stack developer ready to make waves in the tech world! I bring vibrant front-end skills in HTML, CSS, JavaScript, ReactJS, SheryJS, BarbaJS, SwiperJS, GSAP, and Three.js to life. I'm equally strong on the backend, having expertise in MERN-stack, NEXT-JS and using tools like Postman for API testing and Socket.IO for real-time communication to ensure seamless integration!

My big achievements include qualifying for the SIH 2024 internal hackathon and being selected for Frosthacks at the Academy of Technology 2024.

My motivation? A relentless drive to harness technology and push boundaries—let's innovate together!

Education

CSE, Academy of Technology, Kolkata

08/2024–05/2028

I am currently a first-year BTech student in Computer Science and Engineering at the Academy of Technology.

PROJECTS

- YOOM -** A video conferencing platform enabling seamless connections via video, audio, and chat.
Implemented features such as screen sharing, recording, and breakout rooms for enhanced user experience.
Optimized for accessibility on both computer and mobile devices, ensuring a versatile user interface.
- Swipe -** A dating app that facilitates user connections through profile creation and a swipe-based matching system.
Designed intuitive user profiles with photo uploads and customizable bios to enhance engagement.
Implemented a matching algorithm to allow users to chat once a mutual interest is established.
- Language Translator -** A web application utilizing HTML, CSS, and JavaScript, enhanced by the Memory API for improved performance.
Enabled users to input text and receive instant translations, supporting multiple languages.

Work Experience

- Contributor at GirlScript Summer Code Extended 2024
- Participated at Google Cloud Facilitator Program 2024
