SUMMARY

I am a collaborative and adaptable professional with a keen interest in exploring decentralized blockchain systems characterized by transparency and security. A valuable highlight in my career includes being a key contributor to one of the top-performing teams in a Solidity Blockchain Developer Program at GreatEdu. Additionally, I possess proficiency in front-end development, showcasing my ability to create user interfaces for websites using ReactJS and TailwindCSS. I find great satisfaction in the dynamic synergy between front-end development and blockchain technology.
