SUMMARY

Full-stack developer with 2 years of experience in web development and blockchain, including internships and freelance work. Currently interning at Village Wala, a Startup company. Skilled in building scalable web applications and blockchain-based platforms. Seeking full-time opportunities in web development and blockchain.

EDUCATION

B.Tech, Computer Science and Engineering   Graduating July 2027
Abdul Kalam Technical University, Uttar Pradesh   8.57 GPA
KIET Group of Institutions , Ghaziabad
Relevant coursework: Data Structures, Python, Machine Learning

TECHNICAL SKILLS

Frontend: React, Redux, Nextjs, Tailwind, Bootstrap, CSS
Backend: Mongodb, Expressjs, Nodejs, Sockets, Docker, Prisma, MySQL, PostgreSQL
Programming: Java, Javascript, Typescript, Solidity
Tools: Git, Github, Postman, Metamask, Hostinger

WORK EXPERIENCE

Village Wala, Bhiwani, Haryana: Software Developer Intern   March 2025 – Currently working

- **Developing and structuring backend APIs** using Next.js to build a scalable and efficient web platform reducing load by 40%.
- **Building the frontend from the ground up** with Next.js, ensuring seamless integration with backend services and optimizing user experience increasing SEO by 20%.

PROJECTS

BAATCHEET || A REAL-TIME CHAT WEB APPLICATION || <u>Check Website</u> || <u>Github</u>   May 2024 – June 2024
Developed Baatcheet a real-time chat application enabling seamless and secure messaging with instant updates.

- **Designed and implemented real-time messaging** using **WebSockets and Socket.io**, enabling instant communication for **100+ concurrent users**.

- **Built a scalable backend** with **React.js, Node.js, and Express**, reducing response time by **30%** through optimized API handling.

- **Integrated authentication and authorization** using **JWT and bcrypt**, ensuring secure access for **all registered users**.

UPADHYAYA TRAVELS || FREELANCE PROJECT FOR TRAVEL AGENCY || <u>Check Live Website</u>   June 2024
Created Upadhyaya Tours and Travels a web platform for seamless tour booking and travel management.
- **Built a full-stack web platform** using **React.js, Node.js, and Express**, handling **500+ daily user interactions**.
- **Developed an intuitive and responsive UI** with **React and Tailwind CSS**, improving user engagement.
- Achieved over **1,000+** website visits within the first month, highlighting the site's effectiveness and reach.
- Integrated EmailJS, an SMTP service, to handle 500+ form submissions per month without relying on a traditional backend.
- Hosted the application on Hostinger, ensuring reliable performance and accessibility.

ACHIEVEMENTS

- **Web Development** and DSA Coordinator at CPByte KIET, mentoring **30+** students in Web Development and Data Structures Algorithms (DSA), conducting hands-on workshops and coding sessions.

- **Web Development** Coordinator at DevUps KIET, guiding **30+** students in frontend and backend technologies, organizing hands-on sessions, and leading collaborative projects to enhance practical skills.
