PROJECTS

Tic-Tac-Toe game

Developed a web app game which is single player. The user plays against the computer.

Technology stack: HTML, Css, JavaScript

GitHub repo: <https://github.com/sayanMU007/TIC-TAC-TOE.git>

Rock Paper Scissor game:

Developed this fun game for users. The game is single playe where player plays against the computer.

Technology stack: HTML, Css, JavaScript

GitHub repo: <https://github.com/sayanMU007/Rock-paper-scissor.github.io.git>

Expense Tracker:

Developed this web app in a hackathon organised in our university. I have created the whole project by myself with the design given by my team member. It is useful for those who stayed away from their home to keep track on their expenses

Technology stack: HTML,Css,JavaScript

GitHub repo:<https://github.com/sayanMU007/AceHack3.0.git>
